RE: Sun Laboratories Superfund Site, Atlanta, Fulton County, Georgia

Dear Mr. Fishman:

I am writing pursuant to my discussion yesterday, with your attorney, regarding the status of the Administrative Order on Consent (AOC). The AOC has been modified in three (3) places due to typographical errors, but otherwise remains in the same form as when you signed it on July 1, 1999. The EPA Docket Number which identifies your debt account with the United States was listed incorrectly in the AOC as 99-09-C. Any monies posted to that account number would credit Nasaro's account and not yours. The typographical errors were found on pages: 1, 4, and 12 (your signatory page) and have been corrected. The correct EPA Docket Number for your account is **99-39-C**. This number has been inserted into the above-referenced pages; the incorrect number has been marked through with a slanted black line. The revised pages are enclosed for your records.

Within the next week you should be receiving a notice from EPA stating that the public comment period has closed along with a demand for payment of your account. The demand for payment will include a copy of the final AOC which includes the three (3) revised pages mentioned above. If you have any further questions you can contact me at (404) 562-9549.

Sincerely

Donzetta' Workman  
Assistant Regional Counsel
